Continue Search For Youth In Stabbing Incident

Request Legislature Adjust Assessor Salary

Sheriff Sylvan Ladner said yesterday his office is continuing a search for an unidentified youth wanted for questioning in connection with knife wounds sustained by a county resident early Sunday.

Hal Bass, 42, an employee of Sears Roebuck and Company in New Orleans, was quoted by Sheriff Ladner as saying he was wounded by a young hitchhiker he picked up on U. S. Highway 90 while returning from New Orleans Saturday night.

The assailant reportedly cut Bass with a fishing knife at Bass's residence in Harbor Estates, a subdivision several miles west of Bay St. Louis, at 1:15 a. m. and fled from the residence wearing only a pair of undershorts.

Bass, the sheriff added, went to his car parked in a driveway and blew the horn for help and then saw a car coming which he flagged down.

He was brought to Hancock General Hospital by Bob Ahramson and Stewart Gahn of New Orleans, who own a home nearby and was later transferred to Gulfport Memorial Hospital where he is being treated for an injury of the right eye.

Bass told officers he picked up the youth and took him to his residence. Neighbors said they observed someone in the Bass home about 9:30 p. m. Bass was found in his car about 1:30 a. m.

The youth, described by Bass as about 17 or 18, weighing 170 to 175 pounds, six feet tall and having sandy hair with a short crew cut, apparently fled the scene leaving his clothing behind.

Found in Bass' home, Sheriff Ladner said, were a pair of blue jeans, a sport shirt, tennis shoes and socks. The only papers or identification on the clothing was a letter addressed to "Buddy" and signed "Lena."

An all-out search of the surrounding area was begun almost immediately. Sheriff Ladner said. Aiding in the search were sheriff's deputies, Mississippi game and fish commission personnel, Mississippi Highway Patrol, a U. S. Navy helicopter from New Orleans, a private aircraft flown by Roy Baxter, a privately owned bloodhound from Wiggins and neighbors from the area.

The bloodhound and the Gulfport police department canine corps were unable to find a trail of the youth. Police Det. Craig Monroe and Sgt. Kermit Patton of the canine corps said the trail was stale when their dogs arrived.

\$3 MILLION CITY BONDS REPORTED SOLD
Mayor John Scalfie was advised Monday that the purchase of \$3 million worth of municipal bonds by the Community Facilities Administration had been approved. John Stennis and James O. Eastland and Representative William M. Colmer, stated the administration had approved the purchase, in the form of a loan, of bonds approved in a city election March 21.

The sale of the bonds and a grant from the U. S. Public Health Service, in the amount of \$155,970 will be used for construction of a new sewerage system and repairs and improvements to the existing water and natural gas systems.

The Board of Supervisors at Monday's meeting passed a resolution requesting Representative Walter J. Phillips to introduce a local and private bill at the Special Session of the Legislature to provide for payment to the County Tax Assessor of additional expense money.

Because of a local bill previously adopted the Assessor's salary was cut \$600.00 a year as of January 1, when the county entered into a higher classification, while he should have received a \$300.00 per year increase.

The bill to be introduced is for reinstatement of the Tax Assessor's salary and not for an increase as all other county officials received an increase of \$300.00 per year as a result of the new classification.

The Supervisors also adopted a resolution requesting Phillips to present a bill seeking an increase of not over \$100.00 for them for traveling expenses to cover additional road work brought on by the Mississippi Test Operations site.

Low bid of Miss. Road Supply Company for a 16-ton Low Boy (tilt trailer) with extra equipment for the Seawall was accepted. Payment to Hoagland Ford Company of \$6,579.68 for two trucks and \$545.92 for repairs to the car and pick-up truck was also approved.

Consolidation of Gainesville, Napoleon, Logtown and Pearlington voting Precincts in Beat 1 into one box at Pearlington was ordered by the Board.

When I watch the stone mason at his trade... then I'm sure I can shape a stone. If... I had the right tools! If... I could apply just the right driving force!

But my stone always splinters, shatters.

It should be easier to shape the future. Tomorrow seems so formless, so pliable.

Yet there are so many tools. Which to use? So many kinds of force, of power. Which will shape, not destroy, my hopes?

I am realizing fast that the vital tools must be spiritual. My Church is training me to understand, to use them.

And centuries of Christian heritage convince me that the driving force ought to be spiritual. A Power that flows from God... is grasped by faith... and in the reverent hands of dedicated men will shape — rather than shatter — tomorrow.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four cardinal reasons why every person should attend services regularly and read your Bible daily:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
I Chronicles 28:11-21	I Chronicles 29:10-19	Jeremiah 1:4-10	Matthew 9:1-8	Matthew 22:11-30	John 11:9-18	John 10:19-30

4-H PROGRAM OFFERS AWARDS FOR BEST PROJECTS

SPECIAL. Young farmers enrolled in the National 4-H Dairy program soon learn that there is much more to dairy farming than feeding and milking.

They may begin with a heifer from the family herd or one they have saved for and bought themselves. Those who stay in the program for several years often start the nucleus of a successful herd, according to reports of older 4-H Club members.

As they progress with their projects, 4-H'ers learn the importance of sanitation, health, breeding, record keeping and marketing. Also, after a member has reached 14 years of age and has completed dairy projects as outlined by the program, he or she is eligible for state and national awards provided by the Oliver Corporation, the program sponsor.

The state winner receives an all-expense trip to the National 4-H Club Congress held each fall in Chicago, and can then compete for one of six \$500 national scholarships. Up to four medals of honor are given to top ranking members in the county.

Boys and girls interested in enrolling in the dairy program for the next 4-H Club year should contact their county extension agent or a local 4-H Club leader.

Members Butz and Earl Gates were hostesses for the social hour.

STENNIS, BASS CONFER ON PROGRAM PECAN RESEARCH

WASHINGTON. Senator John Stennis and Ray Bass, of Lumberton, Miss., president of the Federated Pecan Growers Association, conferred here recently on a program to step-up research for Mississippi's growing pecan industry.

Mr. Bass, a widely known leader among the nation's pecan growers, discussed with Senator Stennis a program to increase research in pest and disease control in pecan orchards, plant physiology, plant breeding and variety testing, marketing and harvesting.

Pecan research is carried on primarily at Meridian, Miss., and Shreveport, La.

Pecan production has increased from 10 million pounds in 1920 to 285 million pounds in 1963, and the value of production of pecans \$2 million to \$67 million. Mississippi ranks sixth in the nation in pecan production.

Senator Stennis, a member of the Senate Appropriations Committee, is actively supporting the program for necessary pecan research.
